Tax RE: ICI Opposition Letter - NY Stock Transfer Tax Proposal

The ICI submitted the attached letter opposing a proposal to reduce the stocker transfer sales tax rebate from 100 percent to 60 percent. The letter explains that a reduction of the rebate would increase the cost of saving for retirement and other long-term needs for New York residents and other individuals. We strongly recommended that any reduction of the rebate on stock transfer tax paid not be extended to 1940 Act-registered funds.
