[31394]

September 20, 2018 TO: ICI Global EU Capital Markets Union Task Force  
ICI Global Regulated Funds Committee  
International Operations Advisory Committee RE: EU Cross-Border Distribution - 24  
September Member Call POSTPONED

The member call<sup>[1]</sup> we had scheduled for Monday 24 September 2018 to discuss the EU's Cross-Border Distribution proposals has been postponed. The call had been scheduled to discuss ICI Global's priorities for engagement with Members of the European Parliament (MEPs) following the expected publication of draft report from the MEP Wolf Klinz, the rapporteur for the proposals in the Economic and Monetary Affairs Committee (ECON) of the Parliament. As MEP Klinz's draft report is yet to be circulated we have postponed Monday's call and will reorganise it once the Klinz's report is available.

Giles Swan  
Director of Global Funds Policy, ICI Global
