Committee members are encouraged to log into the meeting using the Microsoft Teams application and the voice over internet protocol (VOIP) functions. If you do not have the ability to participate via the Teams application and VOIP, when registering you will need to provide the telephone number that you will use to attend. ICI will disconnect any calls from telephone numbers not supplied at registration.

A benefit of virtual meetings is member staff can attend without traveling and facility size is not an issue. More than one person from each firm is welcome participate, however please have each person individually register for the session. That will allow us to keep track of attendees and send updates to registered members as needed.

We look forward to seeing you online!
