Attached is a document that provides an update on global market and regulatory developments related to COVID-19 of which we have become aware, with a focus on developments that affect regulated funds. This document covers developments from October 23 to November 19, 2020.

Note: As the COVID-19-related developments are now being reported through regular committee and working group communications, we are suspending this consolidated stand-alone COVID-19 memo series, effective 19 November 2020.

ICI's COVID-19 Resource Page, which can be found at <https://www.ici.org/covid19> (make sure you are logged in), contains the consolidated memoranda from prior weeks and additional information about COVID-19 related developments.
