## **FBI Infragard Meeting - San Francisco & Chicago**

[31462]

October 31, 2018 TO: Chief Information Security Officer Advisory Committee  
Technology Committee RE: FBI Infragard Meeting - San Francisco & Chicago

Approximately three years ago, the ICI arranged for members to participate in an open house at 40 field offices of the Federal Bureau of Investigation or the United States Secret Service. The purpose was to establish relationships in members' jurisdictions with law enforcement agents tasked with responding to cybersecurity incidents. Since that time, some of these law enforcement agents have moved to other assignments or jurisdictions. As such, in order for your firm to have current contacts at the FBI, the Institute has arranged for members to meet with FBI InfraGard agents in San Francisco and Chicago. **Attendance at these meetings is limited to those on the Institute's Technology or CISO Committees.** This is the beginning of a program by the Institute to arrange similar meetings in different cities throughout the US. Details of the first two meetings are as follows:

**San Francisco Meeting** – January 24, 2019, 10:30 – 1:30 (lunch included).

Location: Matthews Asia, Four Embarcadero Center, Suite 550, San Francisco, CA 94111.

**Chicago Meeting** – January 29, 2019, 10:30 – 1:30 (lunch included).

Location: Jackson National Asset Management, 225 West Wacker Drive, Suite 1200, Chicago, IL 60606.

You must register for these meeting and **participation is limited**. Please register for the San Francisco at <https://cvent.me/QLZZn> and Chicago at <https://cvent.me/M9r8L> to secure your participation at this important meeting.
