As discussed on last month's DMAC call, the FSB, BCBS, CPMI and IOSCO have launched a survey to study the effects of G20 financial regulatory reforms on incentives to centrally clear derivatives. Sayee Srinivasan, Senior Economic Advisor to CFTC Chairman Giancarlo, explained that they are very interested in responses from clients of clearing members, including registered funds.

The deadline for responses is **5:00 p.m. (CET) on Friday January 26, 2018**. ICI and other buy-side trade associations will host a call on this survey **next Friday, January 12 at 2 pm Eastern**. Sayee will join the call to discuss the survey and answer member questions.
