FOR IRS 2012-2013 GUIDANCE PRIORITY LIST - TAX ISSUES

The Institute has submitted the attached recommendations of tax issues for inclusion on the Internal Revenue Service ("IRS") and Treasury Department's 2012-2013 Guidance Priority List. [\[1\]](#) The IRS and Treasury Department use the Guidance Priority List to identify and prioritize the tax issues that should be addressed through published guidance.

The Institute first urges the IRS and Treasury Department to provide guidance on two important issues to the regulated investment company ("RIC") industry:

- Commodity funds; and
- Cost basis reporting.

We then ask the government to issue guidance on several items currently on the 2011-2012 Guidance Priority List:

- Items Related to the RIC Modernization Act of 2010;
- Distressed Debt;
- Notional Principal Contracts;
- Prepaid Forward Contracts; and
- Taxpayer Identification Number (TIN) Masking.

The Institute also asks for guidance on a number of other issues affecting RICs and their shareholders:

- Application of the business continuity requirement for tax-free mergers of RICs;
- Application of the ownership tracking requirements under sections 382 and 383 to participant-directed retirement accounts holding RIC shares and variable insurance products;
- Issues regarding passive foreign investment companies (PFICs);
- RIC investments in partnerships with different taxable year-ends;
- Issues relating to excess inclusion income of a real estate investment trust (REIT) that is a taxable mortgage pool; and
- Coordination of the entity classification election under the check-the-box regulations with the RIC election under section 851(b)(1).

Finally, the Institute recommends that the government address various issues regarding (1) section 529 qualified tuition programs, and (2) the Report of Foreign Bank and Financial Accounts, Form TD-F 90-22.1 (FBAR).
