Pension Operations Advisory Committee RE: Member Call on a Pan-European Personal Pension Product - 22 February, 15:00 (UK)

We are hosting a call on the European Commission's proposal^[1] for a pan-European Personal Pension (PEPP) to update members on the proposal's status and our advocacy activities to-date.

We also are interested to hear if your position on the proposal or any of its parts has changed. We welcome your thoughts on our strategy as the proposal is moving along the legislative process, with a potential completion date by the fall of 2018. Thus far, based on members' initial input, we primarily focused our strategy on support of the PEPP-type initiative and the structure of the default investment.

We welcome your thoughts on whether we should expand our PEPP topics and outreach efforts.
