This loose-leaf service, begun in 1993, now contains information on foreign investment restrictions, foreign investment taxation, obligations to disclose significant shareholdings, custody, and securities lending in 47 foreign countries.¹ Updates to the Guide are published annually. The Foreign Investing Guide is the only publication of its kind. We are confident that money managers, attorneys, accountants, and other professionals in the United States and abroad would find it useful as a general source of information on the restrictions and requirements that exist in other countries.
