SUMMARY TABLES FOR DISTRIBUTION REPORT

June 21, 1989 TO: RESEARCH COMMITTEE NO. 19-89 RE: SUMMARY TABLES FOR
DISTRIBUTION REPORT

@@
@@@@@@@@@@@@@@@@@@@@@@@@@@@@ Enclosed you will find a copy of the Summary Tables
and Questionnaire from the distribution research. Many of you left the volume behind after
the last Committee meeting, others did not attend, so for the convenience of all, we make
this official mailing. As you will read in the Introduction, the summary is compiled as a
reference document to support each of the charts or tables in the first report. This should
help to answer questions or to make additional use of the data. Further copies of this
summary or the report itself are available on request. If you have requests for additional
information or questions relating to the distribution research data, feel free to contact me.
