Communications from the Institute do not constitute, and should not be considered a substitute for, legal advice. [19060] September 8, 2005 TO: CHIEF COMPLIANCE OFFICER COMMITTEE No. 57-05 CLOSED-END INVESTMENT COMPANY COMMITTEE No. 30-05 COMPLIANCE ADVISORY COMMITTEE No. 50-05 INVESTMENT ADVISERS COMMITTEE No. 8-05 SEC RULES COMMITTEE No. 50-05 SMALL FUNDS COMMITTEE No. 27-05 UNIT INVESTMENT TRUST COMMITTEE No. 14-05 RE: UPDATED SUMMARY OF NON-1940 ACT INVESTMENT RESTRICTIONS The Institute has updated its Summary of Non-1940 Act Investment Restrictions. The Summary describes various federal and state laws and regulations that may restrict investments by registered investment companies and registered investment advisers in, for example, certain regulated industries. Members can access the updated Summary at <http://members.ici.org/non40.do>. The Summary covers 16 subject matter areas. For each area, there is a brief narrative description of the relevant laws followed by a chart. As explained in greater detail in the Explanation of Legends Used in the Following Charts (see Tab 1), the charts provide information regarding: (1) relevant investment thresholds; (2) the reporting or approval requirements that may apply once an investment threshold is met; (3) the potential consequences for failing to comply with these requirements; (4) the extent to which securities owned by affiliated companies or accounts should be aggregated for these purposes; (5) the treatment of derivative securities (such as warrants and options) in calculating ownership positions; and (6) the potential impact of “buy-backs” of securities that increase the proportion of remaining securities owned by existing shareholders. As noted in the Explanation, in many circumstances, clear guidance is not available, particularly with respect to aggregation, derivative securities and buy-back situations. A brief description of the significant updates to the Summary is attached. Frances M. Stadler Deputy Senior Counsel Attachment (in .pdf format)
