ICI Chief Economist Brian Reid's Perspective on Long-Term Mutual Fund Activity in a Time of Market Volatility

Data on outflows from equity funds for the week ending August 10 shows fund investors are staying the course during a period of great daily swings in the market, and that the fund industry was not a key driver in the volatile, high-volume trading environment. ICI's Chief Economist Brian Reid digs into the numbers in commentary on August 17, 2011.
