Accessing the US Fund Market: Issues and Considerations for Asian Asset Managers

As the largest fund market in the world with a well-established regulatory regime, the United States holds great appeal for fund managers and funds.

To help fund managers located outside the United States understand the US fund market, ICI Global hosted a webinar that focused on:

- how these managers can access the US market through managing US mutual funds or selling non-US funds; and
- navigating the complexities of the US mutual fund and investment adviser registration requirements.
